Personal Statement

I'm a hardworking and motivated Year 10 student at Southmoor Academy with a strong interest in coding, maths, and technology. I enjoy solving problems and working with others, and I'm looking for work experience or an internship where I can develop my digital skills and gain real-world experience. I'm especially passionate about building websites and learning how tech is used in business.

Education

Southmoor Academy, Sunderland
Year 10 – GCSEs (2024–2026)
Subjects: English, Maths, Science, Geography, German, Business, Computer Science
